

FIN-NOR[®]

HIGH-TECH PRODUCTS OF UNCOMPROMISING QUALITY WITH A LONG TRADITION FOR USE IN EXTREME SITUATIONS. WITH ITS ROOTS IN BIG GAME ANGLING, TODAY'S PRODUCT LINE BOASTS OPTIMAL PRODUCTS FOR A RANGE OF OTHER FORMS OF SEA ANGLING, WHICH WILL ALSO PROVE POPULAR WITH FRESHWATER BIG SPECIMEN HUNTERS.

LEVER DRAG 2 SPEED

STANDARD TECHNICAL EQUIPMENT:

- Housing produced in aluminium to be completely distortion-free
- Finely adjustable lever drag with carbon drag discs
- Stainless steel handle
- Gears made from a super-hard stainless steel alloy
- Second power speed with 3.1 : 1 gear ratio
- Continuous anti-reverse

MARQUESA 2 SPEED

The Fin-Nor "Marquesa-2-Speed" multiplier was crowned best new multiplier reel at the EFTTEX European fishing tackle trade fair in Amsterdam in June 2011, where it was also presented to the public for the first time. The reel, which is CNC-machined from an aluminium block, impresses with its high gear ratio but can also be used in its low-gear-ratio second speed for heavy duty requirements. Such requirements are also supported by the CNC-machined, over-sized gears and the drag with carbon discs as found in really large big-game multipliers. Overall, the reel can create up to 50 pounds of drag pressure. At just over 800-950 grams in weight, the Marquesa-2-Speed is best suited to stand-up fishing and can be used for various other sea angling techniques. Packaging this technical marvel in eye-catching silver and gold is sure to assist its popularity. Sizes 40 and 50 also available with T-Bar.

STANDARD TECHNICAL EQUIPMENT:

- Housing produced in aluminium to be completely distortion-free
- Finely adjustable CSC™ front drag system (carbon drag discs)
- Ergonomically designed handle knob for optimal power transfer
- Dial-adjustable clicker tension

MARQUESA

The ultimate offering of precision, strength and refinement: Marquesa is ideal for fishing the new, thinner braided superlines in a platform design that is lighter, faster, and stronger than anything you've ever seen on the water. Marquesa is precision-machined from 6061-T6 aluminium, and features one of the strongest drag systems ever put into a reel — stronger, in fact, than many "international-type" reels that are much bigger and heavier. The Marquesa series comes in two models types: a topless model for easy spool access and control, and a model with a top bar (T) that kite fishermen will especially appreciate, as well as the dial that allows custom adjustment of clicker tension. The top bar models (MA20T to MA50T) are perfect for challenging sailfish and the techniques needed to catch them. Marquesas are the perfect reels for tournament fishing or stand-up fishing with newer, stronger lines and fishing techniques. Marquesa is big fish stopping power in a very refined package.

FIN-NOR MARQUESA

For anglers pursuing sailfish and marlin on lighter standup tackle, our new Marquesa Pelagic series is the perfect choice. The custom drag cam is designed to provide a more linear drag range from 0 - 15 lbs., allowing fine adjustments in the lower drag range. The top crossbar helps manage spool overrun for kite fishing and live baiting techniques, and the high-speed retrieve makes this the ultimate reel for billfish enthusiasts. The 2-stage cam system in our new Marquesa Pelagic reels gives you more control in settings below the "Strike" position, and a steeper control curve when more-than-strike is needed.

LETHAL LTC H

The Fin-Nor Lethal reels are built to carry on the family tradition, but do so in a smaller, faster, lighter and stronger casting reel design. There's no doubt about strength because no other reels have as large of a main gear, anti-reverse or ball bearings.

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight	RRP £

LEVER DRAG

SPORTFISHER TROLLING LD

A functionally attractive Fin-Nor multiplier with a highly robust drag disc system and Level Wind. In use, this rock solid model is practically foolproof. Available in the two most common sizes for trolling and lighter forms of natural bait fishing. With high-performance gears and carbon drag discs that allow the drag system to bring its full strength to bear. Trolling anglers will quickly appreciate the easily audible clicker which acts as a bite indicator.

STANDARD TECHNICAL EQUIPMENT:

- Robust gear housing made from stainless steel reinforced fibre plastic
- Finely adjustable lever drag with carbon drag discs
- CNC stainless steel handle
- Super-hard, oversized brass gear components

OFFSHORE SPINNING

When it comes to landing truly giant fish, delicate reels are not the order of the day. Lightweight reels and smooth gear actions are just not on the shopping list. What the angler needs is a reel that will never let him down. The Fin-Nor Offshore is the fighting machine that ticks all the boxes. This is no fashion accessory, it is a no-frills powerhouse.

STANDARD TECHNICAL EQUIPMENT:

- Aluminium body and sidecovers
- Oversized multi-stack Offshore drag system
- Machined stainless steel drive and pinion gear

FRONT DRAG SPINNING

LETHAL SPINNING

The Fin-Nor Lethal has earned its rightful place in the Fin-Nor range of fixed-spool reels. Available in four sizes, this workhorse covers a range of applications in sea angling. The reel contains no delicate components, and comes with an anti-reverse that cannot be disengaged. Excellently suited to catfish, predator and sea angling.

TIDAL

Indestructible reels have always been one of Fin-Nor's hallmarks. The new Fin-Nor Tidal continues this tradition seamlessly. Besides the twist-free aluminium housing and many existing stainless steel components, the gears have now been optimised for power transfer. This makes the Tidal the ultimate fighting machine for catfish, pike and deep-sea anglers, and at a highly attractive price!

RAINER KORN SPORTFISHER FD

I spent a long time looking for an affordable yet ultra-robust fixed-spool reel for intermediate sea angling. In the Rainer Korn Sportfisher, Fin-Nor has introduced just such a reel into its range. Without unnecessary high-tech frills that mostly fail when it comes down to it! A genuine sea reel with ultra-smooth carbon front drag – particularly important for rapid predators such as halibut, coalfish or sailfish. With robust yet light metal spool and CNC-formed metal handle with ergonomic knob for those hard fights. We have omitted the superfluous and fault-prone switch for turning off the anti-reverse from this reel. Who actually backwinds? The Rainer Korn Sportfisher is available in the two most frequently used sizes: as a 640 and 650 model (250 m/0.28 mm and 235 m/0.30 mm). All reels are supplied with a spare spool. The workhorse is equipped with 6 strong ball bearings. The gear ratios (5.2:1 and 4.9:1) have been selected to enable rapid lure retrieval while allowing the full power of the reels to be exerted on the fish during a fight. I am truly proud of this first Rainer Korn fixed-spool reel! I hope it also lands you some outstanding fish.

STANDARD TECHNICAL EQUIPMENT:

- Metal body
- Front drag with Magnum carbon drag discs
- Oversized handle knob for optimal power
- Super-hard brass transmission components
- Aluminium spare spool
- Continuous anti-reverse

13004 285	Tidal Seacaster	2,85 m	2	100 - 180 g	1,49 m	352 g	75.95

TIDAL SEACASTER

Whether from a small boat or cutter – piking and jigging are widespread. And with this rod series, you have nothing to fear from the large cod, coalfish or pollock. On the contrary, these rods have sufficient power to reliably bring monster specimens to the surface.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight	RRP £
13003 240	Tidal Baycaster	2,40 m	2	60 - 140 g	1,25 m	272 g	59.95
13003 285	Tidal Baycaster	2,85 m	2	60 - 140 g	1,47 m	308 g	64.95

TIDAL BAYCASTER

Light sea rod with a medium casting weight. Suitable for flatfish, cod and other species. The robust blanks can also tolerate the occasional impacts that go with the territory during boat fishing.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight	RRP £
13002 210	Tidal Deep Seacaster	2,10 m	2	80 - 300 g	1,12 m	411 g	77.95
13002 240	Tidal Deep Seacaster	2,40 m	2	80 - 300 g	1,25 m	462 g	79.95

TIDAL DEEP SEACASTER

Equipped for big fish such as catfish, large cod and similar, the Hard Work offers all the advantages of a big fish rod. The uncompromising power, durability and naturally light weight of these rods provide all the ingredients to come out on top against large specimens. And the material itself will tame even the biggest monsters!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight	RRP £
13005 210	Tidal Deep Sea Lifter	2,10 m	2	600 g	1,11 m	464 g	89.95
13005 240	Tidal Deep Sea Lifter	2,40 m	2	600 g	1,26 m	536 g	104.95

TIDAL DEEP SEA LIFTER

The rod for extreme deep-sea fishing, e.g. in Norway, where heavy weights are used and a normal boat rod is no longer up to the job. Combine an unbeatable carbon blank with the finest features and the result is an absolute gem for deep-sea fans.

BOAT

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight	RRP £
13006 240	Tidal Traveller	2,40 m	4	400 g	0,65 m	389 g	99.95
13006 270	Tidal Traveller	2,70 m	5	180 g	0,60 m	327 g	104.95

TIDAL TRAVELLER

Perfect travel rod for the globetrotting sea angler. This 2.4m, four-piece powerhouse will tame even heavy opponents with ease.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight	RRP £
13000 240	Tidal Braid Jigger	2,40 m	1+1	12 - 20 lbs	1,77 m	511 g	79.95
13000 241	Tidal Braid Jigger	2,40 m	1+1	20 - 30 lbs	1,77 m	527 g	79.95

TIDAL BRAID JIGGER

Special rods for vertical jigging. Super-light blank with a somewhat longer design than customary speed-jigging rods. Suitable for universal use in a variety of marine regions. The through action is best suited to the use of low-stretch braided lines and prevents pull-outs with saltwater predators.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight	RRP £
13001 170	Tidal Vertical Jigger	1,70 m	1+1	60 - 120 g	1,07 m	336 g	75.95
13001 171	Tidal Vertical Jigger	1,70 m	1+1	150 - 300 g	1,07 m	338 g	75.95

TIDAL VERTICAL JIGGER

For speed-jigging! Ultra-light, short rods that punch above their weight. Originally only used in warmer climates such as the Mediterranean for tuna and similar, also perfectly suited to Nordic regions.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight	RRP £
13007 170	Tidal Stand Up	1,70 m	1	12 lbs	1,70 m	376 g	64.95
13007 171	Tidal Stand Up	1,70 m	1	20 lbs	1,70 m	388 g	67.95
13007 172	Tidal Stand Up	1,70 m	1	30 lbs	1,70 m	401 g	69.95

TIDAL STAND UP

For light deep sea fishing, e.g. in the Mediterranean, we have developed this range of short stand-up rods. Strong enough to tame even the most ferocious quarry without a fighting chair. Their quality lies not only in their perfect fighting action, but in first class finishing and robust rod rings.

BIG GAME

Code	Model	Length	Sections	Tr.-Length	F.Tips	Handles	Testcurve	Weight	RRP £
1785 210	Variado	2,10 m	2	1,46 m	1	1	6 - 12 lb	375 g	129.95

1785 212	Variado	2,10 m	2	1,46 m	1	1	20 - 30 lb	405 g	144.95

VARIADO

Very light and thin rod specially developed for light trolling with livebaits in the warm waters of the Mediterranean. Held in the angler's hand, the light and progressive action of the blank allows excellent contact with the bait. Despite the thin blank, the Variado has enough power in reserve to handle a variety of predators with ease. The perfect rod to complement a Fin-Nor Marquesa multiplier. Removable handle for ease of transport.

Code	Model	Length	Sections	Tr.-Length	Testcurve	Weight	RRP £
1824 165	Bluefin	1,65 m	1+1	1,65 m	30 lb	1110 g	393.95
1824 166	W	1,65 m	1+1	1,30 m	50 lb	1125 g	410.95

BLUEFIN

The Mediterranean has seen a boom in tuna fishing in recent years as new European regulations turn the sea into the new Eldorado for trolling fanatics from all over the world. The Fin-Nor engineers could not resist the challenge of developing a tailor-made range of rods especially for this purpose. The Blue Fin standup rods are available in the two most popular line classes (30 and 50 lbs). Each model is available either as a one-piece with Pacific Bay roller guides or with removable handle and ALPS wind-on roller guides.
